

RINS: Obligations and Opportunities

Clayton McMartin
of
The Renewable Fuel Registry

Clayton McMartin is one of the founders and the president of the Clean Fuels Clearinghouse, an organization that delivers business solutions for cleaner fuels. The company developed and operates the Nation's only renewable fuel registry -- known as RINSTAR™. Growing to process over 260,000 trades in the first 11 months, RINSTAR™ interacts daily with over 450 companies in the renewable fuel supply chain. Mr. McMartin's professional career began in 1987 with Conoco. He later worked for Pennzoil and the Phillips Petroleum Company, before taking his current position. He holds B.S. degrees in Petroleum and Chemical Engineering from Oklahoma State University.
